

GINA & OLLIE EXPLORE ANIMAL HABITATS

A habitat is a place where an animal finds what it needs.

FOOD • WATER • SHELTER • SPACE

WOODLAND

A red squirrel finds seeds in trees.

HOT DESERT

A fennec fox rests in a cool burrow.

POND

A frog grows from a tadpole in water.

ARCTIC

A polar bear uses sea ice to find food.

LOOK & WONDER

Where could each animal find shelter?
Four different habitats.
