

GINA & OLLIE EXPLORE

WHAT'S IN SOIL?

A whole world beneath our feet.

MINERAL BITS

Tiny pieces of rock are mixed into soil.

DECAYING LEAVES

Old plant material breaks down.

LIVING THINGS

Roots and many small animals live in soil.

AIR + WATER

Small spaces between soil pieces hold air and water.

ENLARGED VIEW

LOOK & WONDER

Can you find a root, a worm and a piece of leaf?
